

Universal Health System - Florida

With the winter travel season approaching, many domestic and international travelers will likely make South and Central Florida their destinations of choice. Hygeia Preferred Provider, Universal Health Services, Inc., operates three top hospitals in these areas: Lakewood Ranch Medical Center, Manatee Memorial Hospital, and Wellington Regional Medical Center, which offer Hygeia payers grade "A" savings (30% or greater.)

These facilities have also gained industry recognition for their quality of care. Manatee Memorial Hospital was recently awarded the American Stroke Association's Get With The Guidelines – Stroke (GWTG-Stroke) Initial Performance Achievement Award. This award recognizes the hospital's commitment and success in implementing a higher standard of stroke care by ensuring that stroke patients receive treatment according to nationally accepted standards and recommendations. In 2003, Wellington Regional Medical Center was selected as one of the nation's 100 Top Hospitals by Solucient, a leading source of healthcare business information.
